Tourism, natural beauties, uncontaminated environment. and high-level sport. All of this is Sardinia, that we want to thank for host the edition of 5th Down Syndrome Open European Championships, one of the most important international event of the Paralympic Swimming, a discipline strongly supported by this Federal Council, because more than any other, represents the real sport spirit. To our friend Marco Richi, that without his contribution this event would never have been organized, goes a warm greeting and a sincere thanks. As is right and proper give the right tribute to the Sardinia Region and the Municipality of Olbia for the support.

Plus the Geovillage that will host the competition and the athletes is totally without architectural barriers.

A special thanks goes to DSISO, the referring International Federation, with which an important path of promotion of Swimming is underway nationwide.
