

TÜRK YE ÖZEL SPORCULAR SPOR FEDERASYONU

25/11/2019

Dear Friends,

2nd 2020 Trisome Games

I am writing to you again to add to the information we have already sent in a statement about security notices to the President of SUDS, Dr Geoff Smedley to circulate all countries. Our Federation is a state sport federation controlled by the Turkish Government. SUDS President Dr Geoff Smedley and SUDS Sport Director Jose Pereira had come twice for inspecting our sport venues as well as the security. We had made several press conferences about the security of Turkey and especially the city of Antalya, 15 million tourists had visited in the summer season. To clarify your concerns we are sending this formal letter.

1. Cultural Support

For all of the athletes and coaches, of course Turkey will be a significantly different cultural environment to previous national locations. Due to its unique diversity of language, societal practices and cultural influences, TOSSFED will try to satisfy your needs. When you arrived at any airports (Istanbul International Airport, Antalya International Airport) our staffs and volunteers who are English spoken will meet you in front of the 2nd Trisome Games Antalya desk. They will supervise you whether to transfer coaches or plane gates to Antalya Airport. We will give all countries a team supervisor with at least one English spoken volunteer. So that we can ensure high assistance and this ensures your performance.

2. Sports Venues

All our sport venues will have security guards, operated by Antalya Police Department. This includes the security measures to be put in place especially for the Trisome Games

TÜRK YE ÖZEL SPORCULAR SPOR FEDERASYONU

3. Athlete and Support Staff Accommodation

Turkey has been organizing many international organizations, and some of them had been in Antalya. We recommend you to stay in Corendon Grandpark Lara Hotel, a five star hotel which is situated in Kundu Region, 15 minutes far away from the airport. There are breakfast, lunch and dinner as well as snacks during the day which is all inclusive. Grandpark Lara Hotel has its own security but also Antalya Police Department will send civil police. As I mentioned previously, there will be a supervisor and at least one volunteer will meet you in the lobby and will take you the transfer buses. Ofcourse all transfer buses will have security. There are some parents who wanted to stay in other hotels. We can not be responsible for their security in their accomodations but the ones who have accreditation will have the same security rights in the sport venues.

4. Food and Medical Services

We have discussed the dietary requirements with the SUDS Executive Board and we decided to write the foods ingredients and special warnings (e.g.. the ones who are allergic to sea food are not allowed to eat). So we will ask all the countries any special diet they need. On the other hand, the hotel is serving hundreds of different food. There ia medical doctor in the hotel. There will be a dietitian during the completion. There are necessary medical services in Kundur region as well as hospitals are available in the centre of Antalya. And ambulances will be waiting for you during the competition.

5. Risk Assessment

As I sent the statement about security notices, I mentioned that Turkey is a big country and Antalya has the lowest risk. A report done by Antalya Police Department will be sent to you. The city of Antalya is one of the green city in Turkey. It is safe and secure. There hasn't been any terrorism for many years. Recently, Antalya is the host city for a PGA Golf Competition.

6. Insurance

The Organising Committee ensures satisfactory arrangements in respect of public liability and professional indemnity. The Organising Committee is responsible for insurance likewise all other international competitions.

TÜRK YE ÖZEL SPORCULAR SPOR FEDERASYONU

Participating member organisations are responsible for their own insurance requirement for travel, personal accident, liability and medical matters.

7. TOSSFED - Local Organising Committee [LOC]

As the LOC is the key management platform for the hosting of the championships and the vital local link for all participating teams, TOSSFED is one of the sport federation under the Sport Ministry. President and the executive board is elected. There are specific boards likewise classification, health, education etc. Tolga Nasuh Aran is the General Coordinator of 2020 Trisome Games, normally the president of eligibility and classification. There are technical coordinates as well. He is responsible of everything about 2020 Trisome Games. Evren Öner is working in the Federation, assisting 2020 Trisome Games. TOSSFED has been organizing many international events since 2011. In my Presidency, we have made 2 European INAS Athletics Indoor Championships, 1 European INAS Outdoor Championship, 1 INAS World Basketball Championship, 1 INAS World Ski Championships.

I respect all your concerns and I have clarified the situation. I would like to see you at the Second Trisome Games in Antalya and I, as TOSSFED, will be honored to be your Host.

Yours Sincerely,
Mr Birol AYDIN
President of TOSSFED
