

2022 World Championships FINLAND CANCELLED.

We are sad to announce that the 2022 World Gymnastics Championships due to be held in Finland in August 2022 must be cancelled.

Following discussions with the LOC and their partners in Finland, and in consultation with SUDS executive, we feel that the situation in Europe at this time raises difficulties for the organizers and uncertainties for event delegates.

A great deal of the concern is around international geography and flight disruption.

Other options at local competitions are being explored but will not be presented as DSIGO World or European events.

We thank you for your interest in DSIGO events and hope that the competition program will restart in 2023.

Wishing your gymnasts all success,

Trevor Low (acting events officer DSIGO)
